Dear Ms. Dortch:

On Wednesday, March 10th, Syniverse Technologies was contacted by Jeff Goldthorpe, Chief of the Federal Communications Commission's Communications Systems Analysis Division in the Public Safety and Homeland Security Bureau, regarding the above referenced docket. In a subsequent conversation, Mr. Goldthorpe and I discussed Syniverse submission regarding LTE roaming in the above referenced docket. In addition we discussed Syniverse monitoring of issues and next steps at the FCC associated with the National Broadband Plan proceedings.
